Course Grade

	Due	Weight	Passed	Grade
Practical aspects of Deep Learning				
✅ **Quiz:** Practical aspects of deep learning 10 questions	Nov 4	8%	✔	100.00%
✅ **Programming Assignment:** Initialization	Nov 4	11%	✔	100.00%
✅ **Programming Assignment:** Regularization 1h	Nov 4	11%	✔	100.00%
✅ **Programming Assignment:** Gradient Checking 1h	Nov 4	11%	✔	100.00%
Optimization algorithms				
✅ **Quiz:** Optimization algorithms 10 questions	Nov 11	8%	✔	100.00%

✓	**Programming Assignment:** Optimization 30 min	Nov 11	20%	✓	100.00%

Hyperparameter tuning, Batch Normalization and Programming Frameworks

✓	**Quiz:** Hyperparameter tuning, Batch Normalization, Programming Frameworks 10 questions	Nov 18	8%	✓	100.00%
✓	**Programming Assignment:** Tensorflow	Nov 18	23%	✓	100.00%

Course Policies

How to pass this course

- Pass the required number of graded assignments (listed above) to pass this course.

Due dates

- Due dates for each assignment are listed above.
